

Smart Energy Backup Box

Simple

Compatible with L1 and LCO inverter

Reliable

Provide 63A whole house backup power

Quick

Switchover time less than 3s

Technical Specification		EEBACKUP-1PH
		AC Output (On-grid)
Grid Connection		Single Phase
Rated Voltage		AC230V
AC Frequency		50Hz
		AC output (Backup)
Load Connection		Single Phase
Rated Voltage		AC230V
AC Frequency		50Hz
Max Output Power		10kW
Max Output Current		63A
Switchover Time		<3s
		AC Input (Inverter)
Rated Voltage		AC230V
AC Frequency		50Hz
Compatible Inverter		EESOLAR-L1/LCO
		General Specification
Operating Temperature Range		-15°C ~ +50°C
Relative Humidity		98% non-condensation
Altitudes		No deration within 2000m above sea level
IP Degree		IP54
Installation Methods		Hanging
Weight		16.1kg
